

Cooling off on the mess decks

By MC3 Joey Morgon

Aviation Boatswain's Mate Genivieve Henderson, a Sailor temporarily assigned duty (TAD) to USS Theodore Roosevelt's (CVN 71) Supply Department S-2 division, works as a food service assistant in the ice cream serving shack.

"I make ice cream, set out the toppings, serve all the sailors what they want, and when it's all done, I clean up," said Henderson.

Henderson will be TAD for the remainder of the deployment. In addition to serving as the 'ice cream lady,' Henderson could also be tasked with working in other areas of the galley, like the mess decks, waste room, laundry room and moral, welfare and recreation (MWR) office.

* Henderson serves Machinist's Mate Fireman Erik Rosenkrance a bowl of ice cream.
